The objective of the remuneration requirements is to ensure common, uniform and consistent application of the provisions on remuneration in UCITS V, to ensure that practices do not encourage risk taking which is inconsistent with the risk profiles of the fund rules which govern the relevant UCITS and to act in the best interest of clients and to develop, implement and maintain a culture of ensuring the client’s best interests are met.

This Policy together with an implementation process and ongoing monitoring is a tool which the Company will use to implement and comply with best practice and to eliminate and mitigate against behaviours which could lead to failing to act in the client’s best interest.
